

Variety of programs: Spencer offers a lot of programs to appeal to all types of learners. We have PreAp programs in Math 9, Socials 9, English 9, French 9 and French 8. We have smart start for Grade 7's, AVID for Grade 8's and 9'S. There is a flex program for motivated students who want to work at their own pace. We also have a gifted program for identified students. The exploratory/elective classes are a lot of fun and teach skills in cooking, sewing, computer science, music, metal work, woodwork, photojournalism, Japanese, leadership and much more.

Excellent teachers, friendly staff: Our teachers care about us and go the extra mile to make sure we are learning and having fun. They are approachable and we know we can go to them if we need help.

Great learning environment: Spencer is safe and friendly. Our school motto "Spencer: A great place for learning" is true. We have computer labs, science labs, a large gym (with a wildcat mural), a weight room, library, wood and metal shops, learning center, canteen and much more.

Super dances: Our dances are fun. Lots of students go. We have great music and everyone enjoys themselves. Our leadership classes organize the dances and they do a great job. Each dance has a theme.

Wonderful sports teams, clubs and intramurals: There is lots to do in your spare time at Spencer. We have teams in just about every sport, male and female, at all three grade levels. We also have a games club at lunch in the Learning Center. There is a recycle group, and environment club, a green team and so on. Also at lunch time there are intramurals.

Hockey Academy: The Hockey Academy at Spencer is growing. There is now hockey in all grades. Mr. Didmon is our hockey coach and he works hard at making the program excellent.

Friendly students: Our students are respectful, helpful and friendly. They get along with each other and make Spencer a great place. People like to come to Spencer because we are **nice**.

AVID (Advancement Via Individual Determination): This program is for those students who are able to go on to college or university, but due to some reason are not achieving as well as they could. AVID is a class that assists students to gain skills to maximize their potentials.

School Spirit: We have lots of school spirit. We have recognition assemblies that highlight this. We have performances, are involved in the community, supporting causes such as the Terry Fox Run, organize hamper

drives for Xmas, enter contests, have talent shows and may other things.

Gym mural: We have the coolest mural. It shows our "Spencer Wildcats." The PAC and students raised the money for the mural. The PE department had the idea. You should come into our gym and see it, you will like it.
